## MEMORANDUM # 2012-167

**TO:** School District Superintendents

**FROM:** Meaghan McClellan, Prevention Education Consultant

**DATE:** December 3, 2012

**SUBJECT:** Sight for Students Program

---

### IMPORTANT INFORMATION REQUESTED

Attached please find correspondence and forms from the Wyoming Optometric Association (WOA) regarding the *Sight for Students Program*. The Optometric Association partners with Vision Service Plan (VSP) each year to provide no-cost eye care services to qualified students. With the assistance of school nurses, who request the services for students in need, the Association coordinates the effort to secure examinations and any necessary eyeglasses.

The Department of Education works as liaison between the district nurses and the WOAs Executive Director to ensure that every student has the opportunity for healthy vision. By providing this important information to school nurses, you assure this opportunity to your district's students.
